Dear [REDACTED]

This year, I wanted to give you something special for Christmas.

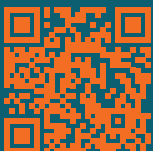

Something of value that will last beyond the holidays to make someone happy.

In your name, I gave a donation of [REDACTED] So you gave street children in South America a future.

You make Vanesa's dream come true.

Vanessa wants to become the singer in a band. However, her precarious environment in Paraguay does not offer a chance for such visions. With your donation you make our creative workshops possible, in which children like Vanessa learn an instrument and receive singing lessons to get closer to their dreams..
